ABOUT NORTHWEST FILM FORUM

Northwest Film Forum is an independent film and arts non-profit that has been located in the Capitol Hill Arts District of Seattle, Washington, since 1995. Along with entertaining audiences in our cinemas, the Forum supports film and media makers at all stages of their development through educational workshops, apprenticeships, and comprehensive artist services.

ABOUT NWFF'S GALA

The Forum's annual gala supports and sustains the work we do throughout the year. "Adjust Your Tracking" is our gala theme for 2024. Tracking refers to the process of fine-tuning playback for VHS tapes. The Forum continues to calibrate and sharpen our alignment to the community we serve and the gala is our opportunity to celebrate together and to share a collective vision for the future of film in Seattle.
